(By telegraph to the Dispatch.) New York, April 13.—The stock market was juict to-day, but there was more snap, and the long was much steadler than that of yesterday, there being a slow and uninterrupted advance throughout the day. A much more confident ce-ling provailed than has been seen at any previous time this week. Reading was a price is transaction, being very large, and it vious time this week. Reading was a prime favorite, its transactions being very large, and it developed marked strength in the day's business. Misouri Pacific showed some weakness. The advance lasted throughout the forencoo, but after that time business underwents marked decrease, and the movement in prices ceased almost entirely. The last bour, however, showed more animation, and, under the lead of Reading and a few speciatios, everything move up, and the market finally closed firm at about the best figures of the day. Total rales, 233,300 shares.
